

# Keeping the Torch Lit

## Pursuing Research During Pediatric Fellowship Training

Hosted by the Association of Medical School Pediatric Department Chairs (AMSPDC)

**Thursday, September 10, 2020**

**7-8:30 pm EDT**

**[Register HERE!](#)**

### Attend this session to learn:

- The building blocks for pursuing a career in academic research
- Paths to research training opportunities during fellowship, such as the Pediatric Scientist Development Program (PSDP)
- How to connect research in residency to research during fellowship
- How to identify and approach a research mentor
